Dennis Hart  
Michigan Career and Technical Institute  
11611 Pine Lake Road  
Plainwell, MI 49080-9225

Dear Dennis

Congratulations! The Board of Trustees of the North Central Association Commission on Accreditation and School Improvement met on January 24-25, 2006 to consider the accreditation status of Michigan Career and Technical Institute of Plainwell, MI. The Board voted to grant the school a five-year period of accreditation from June 30, 2006 through June 30, 2011.

The school's accreditation status will be reviewed annually. A regular on-site accreditation visit should be scheduled during the 2010-2011 school year.

Enclosed please find your updated certificate, along with a separate letter listing your program offerings. This letter has been embossed so that it can be used as an official document. Please check to make sure all of your full time programs are listed. If any corrections are needed on the programs offering letter, please call Carlene Rose at 1-304 372-7877. Let me know if we can be of any other assistance.

Sincerely

Melinda Isaacs  
Assistant Executive Director of  
NCA CASI Postsecondary Schools
